***The miniature PM Mini-Ball camera is our most discreet yet powerful security solution. Measuring only 2.4 inches in diameter, this rugged mini camera will not detract from the décor and ambience of your vessel.***

The marine grade PM Mini-Ball camera is tamper proof and water-resistant for interior or exterior mounting. The camera incorporates 540 TV lines in color for high resolution and a 3.6mm fixed lens for outstanding picture quality. A Day/ Night function automatically senses light changes and switches the camera mode from color in bright light to monochrome at night time or in low light conditions using state-of-the-art LED technology.

Despite its tiny size, the PM Mini-Ball camera delivers exceptional security and surveillance monitoring.
